The camping area is flat and open, able to accommodate large rigs.

This is similar to the SMTR ride at Rosaryville State Park, or St Mary's River.

We'll go rain or shine and these will be long days in the saddle, so please come prepared. Picket posts are in place (please bring rope), round pen panels, and electric fences ARE all allowed. There are water spigots, and electric on the grounds. A bathhouse is also available.

***Bring your own overnight accommodations - NO CABINS AVAILABLE.***

You can be creative, tents, L/Q horse trailers and campers ARE ALL ALLOWED.
