The Kelly's Ford Equestrian Center is located on the historical site of the Kelly's Ford Civil War Battlefield and is part of the 500 acre estate at Kelly's Ford facility located along the Rappahannock River. We will be riding through the woods along miles of country trails where you will see the hunt country's beautiful scenery and plentiful wildlife. There is a Cross Country jumping course around the entire center.

After a day in the saddle at Kelly's Ford Equestrian Center swim in the heated pool, take a stroll to the Rappahannock River or relax in the outdoor Jacuzzi. How about a dip in an old fashioned swimming hole? They also have beautiful tent campsites located on the Rappahannock River and Mountain Run should you choose to rough it.
